

Name: Vansh Gupta

Position: International Student's Representative

Profile Statement

I am a third-year Business Management student at Langara with a passion for fostering student success and inclusivity. Through my roles as a peer tutor in Economics, Mathematics, and Statistics, and as a Student Ambassador for the Langara Students' Success Committee, I have helped students thrive academically and socially. I have been committed to enhancing the campus experience through various leadership and volunteer roles, supporting a vibrant and inclusive environment for all students.

Platform Statement

My name is Vansh Gupta, and I'm an international student from India. As an international student, I understand the unique challenges we face. From navigating academic demands to building a sense of belonging on campus, I have experienced these firsthand. As a peer tutor in Economics, Mathematics, and Statistics, I have helped fellow students grasp difficult concepts and succeed academically.

My experience as a Student Ambassador with the Langara Students' Success Committee and my time with the Langara Engagement Kiosk allowed me to create a supportive environment for all students. I've also worked with the Athletics Department during Falcons games and volunteered with the Volt Go team, leading campus tours and orientations for new students. Additionally, I was part of the student council in high school, which strengthened my leadership skills and passion for student advocacy.

If elected as your International Students' Representative, I will advocate for initiatives that promote inclusivity and create opportunities for international students to connect and thrive. I aim to ensure that international students have a voice in shaping our campus community. Together, we can build a more inclusive and supportive Langara for everyone.
