Platform Statement

As a candidate for Vice President Finance and Administration at the Langara Students' Union (LSU), I am committed to promoting responsible financial management, transparency, and inclusivity. With a strong foundation in financial principles and a passion for serving the student body, I aim to create a more accountable and student-centered financial system at LSU.

My platform focuses on three key areas:

1. **Financial Literacy Programs:** I will develop workshops and resources to educate students about budgeting, financial planning, and responsible spending. This initiative will empower students to make informed financial decisions, equipping them with the skills necessary to manage their finances effectively.
2. **Student Grants and Scholarships:** I will advocate for increased funding for grants and scholarships, supporting students in need and making education more accessible for everyone. Ensuring that financial support is available will help alleviate the financial burden many students face.

This includes funding for green projects and efforts to reduce wasteful spending, ensuring that our financial decisions positively impact both students and the environment.

My vision is to foster financial stability while maintaining an open dialogue with students, building a stronger, more unified campus community.
